

# It's so good to give thanks

Give thanks for this, give thanks for that  
For my pet rabbit and his pet rat  
CD, telly, telephone  
The ear, the eye and the funny bone

*It's so good to give thanks, it's so good to give thanks  
to the maker of everything  
As we think for a while of the things that he gives  
it's with thankful hearts that we sing*

Trains and buses, specs and shades  
Restaurants and roller blades  
The friends we have and the school we're at  
The next door neighbour's tabby cat

*It's so good to give thanks, it's so good to give thanks...*

The sky is green but I don't mind  
The grass is blue, I'm colour blind!  
Thanks when I'm sick, thanks when I'm well  
Thanks for tastebuds, a sense of smell

*It's so good to give thanks, it's so good to give thanks...*

Up or down, in or out  
The smallest whisper, the loudest shout!  
Snakes that rattle and whales that swim  
**LET'S GIVE THANKS FOR EVERYTHING!**

*It's so good to give thanks, it's so good to give thanks...*
