

Rocky Wocky Song

A farmer went out to his field
His fieldy wieldy, fieldy wieldy field
The farmer planted some seeds
Some seedy weedy, seedy weedy, seeds

Some seed fell upon hard soil
hardy, wardy, hardy, wardy, hard soil (x2)

*They got trampled, trampled
They got trampled, trampled
They got trampled, trampled
And eaten by the birds of the air*

Some seed fell upon thorny soil
thorny worny, thorny worny, thorny soil (x2)

*They got suffocated
They got suffocated
They got suffocated
There ain't no air anywhere*

Some seed fell upon rocky soil
rocky wocky, rocky wocky, rocky soil (x2)

*They got dehydrated
They got dehydrated
They got dehydrated
There ain't no water anywhere*

Some seed fell upon good soil
Goody woody, goody woody good soil (x2)

*They just keep on growing
They just keep on growing
They just keep on growing
The fruit keeps growing every day*
